**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I oppose what AT&T is attempting. I know that AT&T and their trade association, US Telecom, have recently petitioned the FCC to take away access to critical unbundled network elements. AT&T's service in my neighborhood is far inferior to what I can get from their competitors over the same infrastructure. My vendor, Sonic, is at risk of losing access to a huge portion of their customer base, leading to potentially higher rates for me, less fiber deployment that will help speed up my very slow service (but still 3X what I can get from AT&T), and result in even less options for me and other consumers.

Please do not let AT&T get away with this action.

Sincerely,
